EDUCATION

University of Indonesia (UI) — Fasilkom Jakarta, Indonesia
Bachelor of Computer Science, Information Systems — GPA: 3.84/4.00 Aug 2022 – Jun 2026 (Expected)
• **Relevant Coursework:** Data Structures & Algorithms, Introduction to AI & Data Science, Operating Systems, Database Systems, Data Communication Networks, Enterprise Application Architecture
• **LPDP Scholarship Awardee** — INSPIRASI-NTU Summer Programme 2025 at Nanyang Technological University (Singapore) & ITS; applied software engineering principles to real-world sustainability challenges

WORK EXPERIENCE

Software Engineer Intern Traveloka · Jakarta (WFO)
Backend Engineering, Automation & AI Tooling Aug 2025 – Apr 2026
• Built automated flight-booking reschedule pipeline in Java/Spring Boot processing **1,000+ daily transactions** at **99.9% accuracy**, reducing manual intervention by **85%** via configurable scrapers and intelligent failover logic
• Integrated **GitHub Copilot CLI** and LLM-assisted workflows to accelerate development velocity and improve automated testing coverage; built real-time data-sync pipelines feeding **BigQuery** on GCP
• Engineered secure Credential Management System with AES-GCM encryption, automated rotation, and granular audit logging; enhanced CI/CD with Karate automated API testing and auto-rollback logic

Full Stack Developer Intern PT Magna Solusi Indonesia · Jakarta (Hybrid)
Enterprise Application Development Jan 2025 – Jun 2025
• Designed RESTful APIs in a microservice architecture handling **10,000+ daily requests** at sub-200 ms latency; deployed and orchestrated services via Docker and Kubernetes
• Optimised PostgreSQL database through query tuning, indexing, and stored procedures, cutting average response time by **35%** for high-volume workflows
• Delivered full-stack enterprise modules (Spring Boot backend + Angular frontend) with seamless frontend-backend integration across production environments

KEY PROJECTS

Enterprise Information System for Event Organizer Lead Engineer & Full Stack Developer
Spring Boot · Vue.js · PostgreSQL · Docker · TypeScript · JWT Auth Feb 2025 – May 2025
• Led end-to-end development of a production-deployed enterprise system with RESTful API design, JWT authentication, and CI/CD pipeline — demonstrating scalable, maintainable software delivery
• Architected the full-stack solution as Lead Engineer, coordinating cross-functional contributors and enforcing code quality standards via structured code reviews

Used Car Sales Prediction — ML Data Analysis Machine Learning Analyst
Python · Scikit-learn · Gradient Boosting · Random Forest · Pandas · NumPy Apr 2025 – May 2025
• Built predictive models (Gradient Boosting, Random Forest, Logistic Regression) on imbalanced dataset using oversampling/undersampling, achieving strong classification and regression performance
• Performed full EDA pipeline: data preprocessing, feature engineering, K-Means clustering, and actionable business-insight reporting with Pandas and NumPy

TECHNICAL SKILLS

Languages: Python, GoLang, TypeScript/JavaScript (Node.js), Java, SQL
Frontend: React.js, Vue.js, Angular
Backend & APIs: Spring Boot, Django, RESTful API design, microservices, distributed systems
Cloud & DevOps: Google Cloud Platform (BigQuery, GCP), Docker, Kubernetes, CI/CD pipelines, AWS (actively learning)
Databases: PostgreSQL (query tuning, stored procedures, indexing), MongoDB, BigQuery
AI / LLM: LLM workflow integration, GitHub Copilot CLI, Scikit-learn, supervised/unsupervised learning, model evaluation

LEADERSHIP & ACTIVITIES

Vice Person in Charge of UI/UX COMPFEST — Indonesia's Largest IT Event (Fasilkom UI)
Jan 2023 – Dec 2023
• Led **11 designers** across 5 agile sprints to redesign compfest.id; served as primary cross-functional liaison with software engineering and automation divisions
Mentor — Programming Foundations 0 Faculty of Computer Science, University of Indonesia
2024
• Guided first-year students through foundational programming, algorithm design, and problem-solving — developing mentorship and clear technical communication skills
